WOMEN'S DROP-IN CONVERSATION CIRCLE

SPEAK **CONNECT** **GROW**

The weekly Conversation Circle will help women practice and improve their English in a safe and fun learning environment. This informal class focuses on everyday conversations, helping participants build confidence speaking and reading English. It is designed for learners at a low-intermediate English level. The class is led by instructors from Capilano University.

Women are welcome to bring their young children (who are not enrolled in school or child care) to the class with the understanding that they are supervising and caring for their children during the class.

MEET PEOPLE AND PRACTICE ENGLISH
